State law requires school districts to provide ESL:

- in middle schools and high schools with LEP student enrollment.

Will my child be taught the same subjects and learn the same skills as students in the regular program?

- All students in ESL must receive instruction in the Texas Essential Knowledge and Skills (TEKS) in English using strategies and methodologies appropriate for them.
- Language arts, reading, mathematics, science, and social studies are integral parts of the state mandated curriculum.
- Music, physical education, health and art are all parts of the balanced curriculum that children in the program are required to receive.

Who is responsible for teaching in an ESL program?

Teachers must be specially trained and certified to teach in ESL programs and meet the special language needs of these students.

How is an ESL program different from English language arts instruction?
